PROFESSIONAL PROFILE

Highly experienced Frontend Engineer with a passion for building user-centric, performant web applications. Proven ability to lead development projects, implement complex UI functionalities, and deliver high-quality code. Adept at collaborating with cross-functional teams to ensure seamless integration and successful product launches.

WORK EXPERIENCE

Senior Frontend Engineer · Solara Technologies, Dublin

2021 - Present | Dublin, Ireland

- Led the development of a new user interface for Solara's flagship SaaS platform, resulting in a 25% increase in user engagement.
- Implemented a TypeScript-based architecture for the frontend, improving code maintainability and reducing development time by 15%.
- Successfully integrated third-party APIs to enhance platform functionality and streamline user workflows.

Frontend Engineer · Aeris Digital, Galway

2019 - 2021 | Galway, Ireland

- Developed and maintained responsive web applications using Vue.js, ensuring cross-platform compatibility and optimal user experience.
- Optimized website performance by implementing lazy loading and caching techniques, leading to a 10% reduction in page load times.
- Collaborated with designers and backend engineers to deliver seamless and user-friendly web applications.

Junior Frontend Developer · Elixir Systems, Dublin

2018 - 2019 | Dublin, Ireland

- Assisted senior developers in building and maintaining web applications using HTML, CSS, and JavaScript.
- Gained valuable experience in front-end development methodologies and best practices.
- Contributed to the development of new features and improvements for existing applications.
