PROFESSIONAL PROFILE

Highly motivated QA Automation Engineer with 2 years of experience in developing and implementing automated test suites. Proven ability to collaborate with developers and stakeholders to ensure high-quality software releases. Passionate about using cutting-edge technologies to improve testing efficiency and effectiveness.

WORK EXPERIENCE

QA Automation Engineer (Junior) · Nordic Solutions AB

2024 - Present | Stockholm, Sweden

- Developed and maintained automated test suites using Playwright and TypeScript, resulting in a 20% reduction in manual testing time.
- Implemented CI/CD pipelines for automated testing and deployment, ensuring faster feedback loops and continuous delivery.
- Created comprehensive test documentation and reports, providing insights into test coverage and potential issues.
- Collaborated with developers to identify and resolve bugs, contributing to the release of high-quality software products.
