

Léa Dubois

Machine Learning Engineer | NLP and Deep Learning

lea.dubois@example.com · +39 594 599793 · London, United Kingdom

linkedin.com/in/lea-dubois · Date of birth: 09/02/1994

PROFESSIONAL PROFILE

Experienced Machine Learning Engineer with a passion for developing and deploying innovative AI solutions. Proven track record of improving model accuracy, efficiency, and scalability. Skilled in leveraging NLP techniques and deep learning architectures to solve complex business challenges. Collaborative and results-oriented individual with a strong understanding of machine learning principles and best practices.

WORK EXPERIENCE

Senior Machine Learning Engineer · Aethertech, London

2023 - Present | London, UK

- Developed a novel NLP model for sentiment analysis that increased customer satisfaction ratings by 15% within 3 months.
- Optimized deep learning pipelines using Kubernetes, reducing training time by 20% and improving model inference latency by 10%.
- Collaborated with cross-functional teams to integrate machine learning models into existing applications, resulting in a 5% increase in user engagement.

Machine Learning Engineer · Eurodata Solutions, Paris

2021 - 2023 | Paris, France

- Built a recommendation system using collaborative filtering that increased product sales by 8% within the first quarter.
- Implemented a fraud detection system based on machine learning algorithms, reducing fraudulent transactions by 12%.
- Contributed to the development of a natural language processing pipeline for document summarization, achieving an accuracy rate of 85%.

Junior Machine Learning Engineer · Innovatech Labs, Berlin

2020 - 2021 | Berlin, Germany

- Assisted senior engineers in developing and deploying machine learning models for various applications.
- Participated in data collection and preprocessing tasks, ensuring data quality and consistency.
- Conducted research on different machine learning algorithms and techniques.

EDUCATION

BSc Computer Engineering

Imperial College London | 2016 - 2020

TECHNICAL SKILLS

Python · TensorFlow · PyTorch · Scikit-learn · NLP · Deep Learning · Kubernetes · Cloud Computing (AWS/GCP) · Data Visualization (Matplotlib, Seaborn) · Version Control (Git)

TOOLS

Jupyter Notebook · Docker · REST APIs · BigQuery · Apache Spark

LANGUAGES

English (Native) · French (Fluent)

CERTIFICATIONS
