

# Megan O'Connor

Site Reliability Engineer | DevOps and Cloud Infrastructure

megan.oconnor@example.net · +31 472 783276 · Dublin, Ireland · linkedin.com/in/megan-oconnor

Date of birth: 12/07/1996

Highly motivated Site Reliability Engineer with 5 years of experience ensuring the stability, scalability, and performance of mission-critical applications. Proven ability to automate infrastructure deployments, monitor system health, and implement proactive measures to minimize downtime. Passionate about building robust and resilient systems using cutting-edge technologies.

## WORK EXPERIENCE

### Site Reliability Engineer · Innovatech Solutions (Dublin, Ireland)

2021 - Present | Dublin, Ireland

- Reduced system downtime by 25% through the implementation of automated incident response systems and proactive performance monitoring.
- Increased application throughput by 15% by optimizing Kubernetes deployments and leveraging serverless architectures.
- Developed and maintained infrastructure-as-code (IaC) scripts using Terraform to streamline provisioning and configuration of cloud resources.
- Collaborated with development teams to implement continuous integration and continuous delivery (CI/CD) pipelines, resulting in faster release cycles and improved deployment reliability.

### Junior DevOps Engineer · Valo Networks (Dublin, Ireland)

2021 - 2022 | Dublin, Ireland

- Assisted in the migration of on-premise infrastructure to AWS, successfully transitioning over 50 servers and applications to the cloud.
- Monitored system performance using Prometheus and Grafana, identifying and resolving performance bottlenecks that were impacting application responsiveness.
- Developed and implemented automation scripts using Go to streamline repetitive tasks and improve efficiency of deployment processes.

## EDUCATION

### BSc in Software Engineering

Trinity College Dublin | 2017 - 2021

## TECHNICAL SKILLS

Go · Prometheus · Kubernetes · AWS (EC2, S3, Lambda) · Terraform · Docker · Ansible · Linux · Git · CI/CD · Monitoring and Alerting

Tools: Jira · Slack · Confluence · Datadog · Grafana

## LANGUAGES

English (Native) · Irish (Conversational)

## CERTIFICATIONS

AWS Certified Solutions Architect - Associate
