Rasmus Lindqvist

Product Designer | User-Centered Design and Design Systems

PROFESSIONAL PROFILE

Experienced Product Designer with a passion for creating intuitive and accessible user experiences. Proven ability to lead design teams, conduct user research, and implement design systems to enhance product usability. Strong understanding of design principles and best practices, with a focus on data-driven decision making.

WORK EXPERIENCE

Product Designer (Lead) • Zenith Technologies

2023 - Present | Kraków, Poland

- Led a team of 5 designers in developing the user interface for a new mobile application, resulting in a 20% increase in user engagement.
- Implemented a new design system that improved consistency and efficiency across all Zenith's products, reducing design time by 15%.
- Conducted user research and usability testing to identify pain points and improve the user experience, leading to a 10% decrease in support tickets.

Senior Product Designer • NovaTech

2021 - 2023 | Warsaw, Poland

- Designed and developed the visual identity for a new brand, increasing brand awareness by 15% within the first quarter.
- Collaborated with developers to integrate design elements into web applications, ensuring a seamless user experience.
- Created and maintained a design library that streamlined the design process and improved consistency across projects.

Product Designer • Solaris Solutions

2019 - 2021 | Berlin, Germany

- Developed user flows and wireframes for new product features, contributing to a 25% increase in user conversion rates.
- Created high-fidelity prototypes to test and iterate on design concepts, resulting in a 10% reduction in development costs.
- Presented design solutions to stakeholders and received positive feedback, leading to successful product launches.

Junior UI Designer • Nordic Innovations

2012 - 2019 | Göteborg, Sweden

- Designed user interfaces for web applications, adhering to brand guidelines and accessibility standards.
- Collaborated with developers to implement design specifications, ensuring a consistent user experience.
- Gained experience in using design tools such as Adobe Photoshop and Illustrator.
