PROFESSIONAL PROFILE

Driven Business Intelligence Analyst with 4 years of experience transforming complex data into actionable insights. Proven ability to leverage SQL, Power BI, and Python to uncover trends, optimize business processes, and support data-driven decision making. Passionate about using data to drive impactful results and improve organizational performance.

WORK EXPERIENCE

Business Intelligence Analyst · NovaTech Solutions, Barcelona

2023 - Present | Barcelona, Spain

- Developed and maintained interactive dashboards in Power BI, resulting in a 15% increase in sales team efficiency by providing real-time market insights.
- Implemented automated data pipelines using Python and dbt, reducing manual data processing time by 30% and ensuring data accuracy.
- Conducted in-depth data analysis to identify customer churn patterns, leading to the implementation of targeted retention strategies that reduced churn rate by 8%.
- Collaborated with cross-functional teams to define key performance indicators (KPIs) and track progress against business objectives.

Junior Business Intelligence Analyst · Arista Digital, Madrid

2022 - 2023 | Madrid, Spain

- Assisted in the design and development of SQL queries to extract data from various sources, contributing to the successful launch of a new marketing campaign.
- Prepared data visualizations and reports using Power BI, providing insights that informed strategic decision-making.
- Collaborated with senior analysts to develop and maintain data models, ensuring data integrity and consistency.
